

SPECIAL RELEASE

REGISTERED VITAL EVENTS IN IFUGAO 2nd Quarter 2021

Date of Release : 17 November 2021
Reference No. : SR-2021-022

The Philippine Statistics Authority (PSA) Ifugao Provincial Office presents data on Civil Registration submitted by the Local Civil Registry Offices (LCRO) in the eleven municipalities of Ifugao covering 2021 second quarter reports. These data are preliminary results tabulated thru the PSA's Decentralized Vital Statistics System (DVSS).

Based on the DVSS tabulation, there was a total of 1,421 Civil Registration Documents (CRD) in the province, an increase of 8.16 % from 1,305 registered documents in the 2021 first quarter. From April to June, Ifugao generated 933 births, 271 marriages and 217 deaths.

EXPLANATORY NOTES

VITAL STATISTICS are derived from the information obtained at the time when the occurrences of vital events and their characteristics are inscribed in civil register.

Vital acts and events are the births, deaths, foetal deaths, marriages, and all events that have something to do with an individual's entrance and departure from life together with the changes in civil status that may occur to a person during his lifetime. Recording of these events in the civil register is known as vital or civil registration and the resulting documents are called vital records.

Data on vital statistics presented in the release were obtained from the documents registered at the Office of the Municipal Civil Registrars all throughout the province and forwarded to the Philippine Statistics Authority.

BIRTH STATISTICS

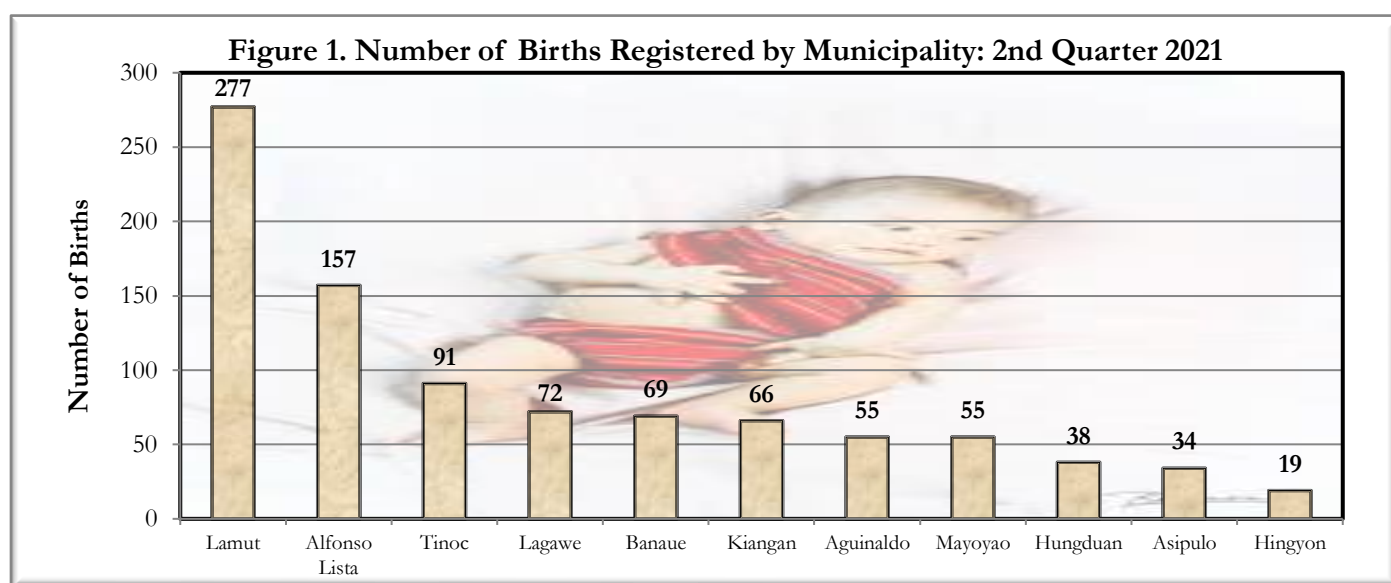

Registered live births increased by 14.14 percent

The number of registered live births in the province for the 2nd quarter 2021 totalled to 933, higher by 14.14 percent from 801 births in the 1st quarter 2021.

Lamut still tops registered live births in the 2nd quarter of 2021

The graph below shows that Lamut recorded the most births at 277 or 29.69 percent of the total registered births in the 2021 second quarter. The high number of event is attributed to the fact that Panopdopan District Hospital located in Lamut caters to most health services in Ifugao and nearby provinces; hence, as a rule of registration by place of event, Lamut registers the highest birth events. Alfonso Lista is next with 157 births, followed by Tinoc with 91; far behind are Hungduan with 38, Asipulo 34 and Hingyon reported the least number of births with 19 or 2 percent of the total registered births.

Lamut also recorded highest births with 203 or 25.34 percent of the 801 registered births in the first quarter of 2021.

Definition of Terms

VITAL STATISTICS are derived from information obtained at the time when the occurrences of vital events and their characteristics are inscribed in a civil register.

MUNICIPAL FORM No. 102 (CERTIFICATION OF LIVE BIRTH) is the prescribed form being used for the declaration of facts and circumstances surrounding the birth of a person for purpose of registration.

MUNICIPAL FORM No. 103 (CERTIFICATION OF DEATH) is the prescribed form being used for the declaration of facts and circumstances surrounding the death of a person for purposes of registration.

MUNICIPAL FORM No. 97 (CERTIFICATION OF MARRIAGE) is used to record information pertaining to the marriage of the contracting parties. It contains information regarding the groom and the bride.

LIVE BIRTH is a complete expulsion or extraction from its mother of a product of conception, irrespective of the duration of the pregnancy, which after such separation breathes or shows any other evidence of life, such as beating of the heart, pulsation of the umbilical cord, or definite movement of voluntary muscles, whether or not the umbilical cord has been cut or the placenta is attached; each product of such a birth is considered liveborn.

MARRIAGE is contract of permanent union between man and a woman entered into in accordance with law for the establishment of conjugal and family life.

DEATH refers to the permanent disappearance of all evidence of life at any time after live births has taken place (postnatal cessation of vital function without capability of resuscitation).
